COLOSSUS POWER TO PUT  
GRIP ON MARKET CENTERS

Campaign of Creating Unrest  
Begins and Financiers Al-  
ready Uneasy

NEW YORK, Nov. 29.—"Business conditions" are being manipulated to create sympathy among the manufacturers for the proposed increase in freight tariffs, according to the belief of prominent business men here and in Washington.

The results of the railroads' struggle against the manufacturers in the rate matter is being felt in Wall Street, which is inclined to accept James J. Hill's statement that "business conditions are unsatisfactory."

Many leaders believe a break in certain securities is a warning of future trouble. It is apparent a feeling of unrest exists in many quarters.

Judging from warnings sent out from Wall Street, the financiers are apprehensive. It is believed the railroads have allied their interests. It is believed the roads are forming a powerful combination to fight for higher rates, that the fight will not stop at a break in prices, and that a financial flurry may result. It is predicted the struggle will be keenly felt in every market center.

Grand Jury Refused to Probe  
Charges of Graft—Mayor  
to Let Affair Rest

SAN FRANCISCO, Nov. 29.—"I should have preferred a vindication," said Mayor McCarthy today, referring to the grand jury's refusal to make an investigation of the graft charges against the mayor's office, which the mayor had demanded in a letter.

"My request followed much gossip which I wanted stopped. I will not make any further attempt to secure an investigation unless the whisperings are resumed."

JURY IN DR. BURKE CASE  
TO BE CHOSEN TUESDAY

SANTA ROSA, Nov. 29.—Eighty veniremen appeared before Judge Seawall today as prospective jurors in the trial of Dr. Willard Burke, who is charged with having attempted to kill with dynamite, Miss Lou Etta Smith, her infant son, also named Willard Burke.

After the panel had been examined the talesmen were ordered to appear in court Tuesday when the work of selecting the jury will begin.

BEACH TOWNS SEEK  
LOW FARES FROM CITY

SANTA MONICA, Nov. 29.—The mayors of Ocean Park and Santa Monica and other city officials of the bay district are being asked to co-operate with the Santa Monica Bay Chamber of Commerce in a movement to secure lower commutation street car fares between Los Angeles and the beach.

It is maintained in support of the proposition that greatly increased business will accrue to the railroad company through many new and permanent residents that are likely to be attracted here.

History of a Two-Bit  
"Ad." and a Jersey  
Cow

Within two hours after last Wednesday's edition of the Register had run from the press, "Main 32" rang out loud and clear.

"Are you the man who wants an extra butter cow and is willing to pay an extra price?"

"Yes. What have you got?"

"A registered heifer, four years old, due to calve January 1st, and makes fourteen pounds of butter a week."

"What'll buy her?"

"One hundred dollars."

"I'll be there early in the morning."

And through the dripping fog "Main 32" hurried behind the long black mare, to Lincoln street. The trade was closed in five minutes, and a part of the hundred dollars paid. And beautiful "Spot Carlie No. 217067," daughter of "Orange Golden Lad No. 68954, and Duchess Carlie No. 184445," will leave tomorrow, in the express wagon of John Doerr, the ranch of Wallace Aight, to become a member of the family of Rev. Saml P. Wright, of Pomona, formerly a resident for eight years of Santa Ana.

GERMANY PUT  
ON SCREWS

Scared England From Plan of  
Partitioning Persia With  
Russia

BERLIN, Nov. 29.—It was learned today that the German officials sternly rebuked the subordinates of the Chancellor's office because they had issued an interview placing Germany in the position of exulting in the defeat of England's plans for the partition of Persia. It is generally admitted that Germany frightened England from the proposed plan, but diplomats fear to "rub it in," because they believe the check is but temporary. Persia appealed to Germany to prevent England from occupying Southern Persia, which it is believed was intended to be the first step toward the partition of Persia by Russia and England. The appeal, according to the subordinates' interviews, caused an expostulation by the members of the Triple Alliance. As a result, the English war office announced that troops had been withdrawn from the scene of action.

## TRIBESMEN KILL FRENCH

MADRID, Nov. 29.—The Captain General of Melilla has informed the government here of a serious reverse sustained by a French force in the Muluja territory. A large number of tribesmen surprised and attacked a French detachment, killing all its officers and a number of men.

ENGLAND GETS IN  
RACE WITH JAPAN  
FOR POLAR HONORS

CHRIST CHURCH, New Zealand, Nov. 29.—Captain F. Scott, commanding the British South Pole expedition sailed from Port Chalmers today in the ship Terra Nova. He expects to reach the polar regions on December 19, 1911. He predicted the success of his trip.

Rivalry for honors is expected between the Englishmen and the Japanese expedition that recently left Yokohama to search for the South Pole.

THIRD OF GEO. CROKER  
ESTATE FOR THIS COAST

NEW YORK, Nov. 29.—The estate of the late George Croker is fixed by the appraiser at approximately \$12,000,000, of which Jennie and Templeton Croker of San Francisco, children of C. F. Croker, a deceased brother, will inherit one-third; Mrs. Harriet C. Alexander of New York, a sister of the deceased, will receive about \$4,000,000, and his brother, William H. Croker, is entitled to the remaining third.

by Supreme Court

GUTHRIE, Okla., Nov. 29.—Records of the dealings of the state banking board in connection with the suspension of the Columbia Bank and Trust Company of Oklahoma City, and two other financial institutions which failed at the same time a year ago, are to be investigated.

The supreme court today issued a writ of mandamus compelling Governor Haskell to produce the books and records. Gov. Haskell is an ex-officio member of the banking board. Discrimination among creditors is alleged.

PRIZE FIGHTER IS  
DEAD AFTER FIGHT

Gerhardt Collapses After Quit-  
ting Ring in Lima, Ohio—  
May End Ring Contests

LIMA, Ohio, Nov. 29.—Curly Gerhardt, the prize fighter, is dead, Jack McHenry, his opponent, is under arrest, and several Lima citizens are being questioned today, following a ten-round fight between Gerhardt and McHenry last night, after which Gerhardt collapsed.

He did not regain consciousness, dying from cerebral hemorrhage. It is not believed that McHenry's blows killed him, but Gerhardt entered the ring when not in condition. It is predicted the affair will end fighting in Ohio.

LABOR FEDERATION  
ELECTS ALL OF ITS  
FORMER OFFICERS

ST. LOUIS, Nov. 29.—The American Federation of Labor closed its thirtieth annual convention here Saturday night by choosing Atlanta, Ga., as its meeting place for next year. All of last year's officers, including President Samuel Gompers, Secretary Frank Morrison and Treasurer John B. Lennon, were re-elected.

The Western Federation of Miners' application for a charter was referred to the executive council with authority to act. The first meeting of that body on the controversy will be held tomorrow.

CONVICT TRIED TO  
ESCAPE - IS KILLED

Seized Gun and Shot Guard  
and in Turn Was Shot  
Six Times

BURNS, Ore., Nov. 29.—Arthur Fisher, aged 29, an escaped convict, was shot and killed while attempting to escape from an officer who re-arrested him today.

Sheriff Richardson and Guard Ackley, of the Idaho penitentiary, were taking him to the train when he seized Ackley's gun and shot him through the abdomen. Richardson shot Fisher six times, killing him instantly. Ackley is in a precarious condition.

GILLETT REAPPOINTS  
ARCHITECTURE BOARD

SACRAMENTO, Nov. 29.—Gov. Gillett yesterday re-appointed Lionel Dean, William Curlett and J. Cather Newson, all San Franciscans, members of the State Board of Architecture.

For Southern California  
SACRAMENTO, Nov. 29.—The following members of the state board of architecture for Southern California district were appointed today by Gov. Gillett: John Kemple, Frederick L. Roehrig, Will Sumner, P. Hunt, Octavius Morgan, all of Los Angeles. — were reappointed.

SOLID PETROL IS  
THE COMING POWER

LONDON, Nov. 29.—A Roumanian doctor has discovered a method of solidifying crude oil and paraffine, according to M. Constantinescu, a Roumanian engineer, who is here demonstrating its uses. Solid petrol is said to have many virtues. Among other things it burns without smell or smoke and costs two-thirds less than the liquid. M. Constantinescu says that it is even possible to run an automobile with solid paraffine, and even predicts that steamships will use it in the near future.

Center of Revolt Against  
the Government

MONTHS AND MANY MEN  
NEEDED TO CRUSH REBELS

Madero on Way to Washington  
to Investigate Chance of  
Recognition

EL PASO, Nov. 29.—The entire state of Chihuahua, west of the capital, is still in a state of rebellion according to travelers arriving today. They say all theatres and public places in Chihuahua City are closed and Federal troops are patrolling the city.

"Hell has broke loose in Chihuahua" said one American arriving here with his family. "Every man, woman and boy is armed. The government has no idea of the revolutionists' strength. It will take two thousand loyal troops two months to clean the state of rebels. The editor of a paper called El Comercio was jailed for printing the truth of the battle in which the Federal troops were defeated."

The insurgents are reported as massed near San Andreas. Prominent officials at Juarez deny the truth of these reports, but the rebel leaders predict that general fighting will be resumed within three days.

MADERO IS ENROUTE TO  
WASHINGTON FOR CONFERENCE  
ST. LOUIS, Nov. 29.—Word has reached St. Louis that Francisco Madero, the Mexican rebel leader, is en route to Washington to confer with his brother, Gustavo, over the prospects of recognition, if successful. It is reported a revolutionary bureau will be established in Washington.

FIFTY TROOPS KILLED  
IN YUCATAN UPRISING  
MEXICO CITY, Nov. 29.—Fifty government troops were killed and a large number wounded in an uprising in Yucatan, according to dispatches received yesterday. The reports say a large quantity of arms and ammunition was captured by the Indians.

The twenty-ninth cavalry was sent from here to Yucatan late this afternoon and the Fourteenth cavalry was sent to Chihuahua, where nearly 500 revolutionists have fled to the mountains. Madero is said to be with them.

AVIATORS SIGN UP  
FOR FRISCO MEET

SAN FRANCISCO, Nov. 29.—Contracts for the appearance of four members of the exhibition team of the Curtiss Exhibition company in San Francisco during the international aviation meet to be held here in January were signed Saturday. It is expected that Glenn H. Curtiss, Charles W. Willard, J. C. (Bud) Mars and Eugene Ely will comprise the team. Arrangements with other aviators will be made later.

BONILLA ON ROAD  
AGAIN—SEAPORT  
CAPTURED BY HIM

SAN JUAN DEL SUR, Nicaragua, Nov. 29.—Honduran seaports on the Atlantic coast are reported as captured by insurgents under ex-President Bonilla.

Only meagre details regarding the captured ports have been received here. It is learned that Federal troops who were sent to defend the seaports joined the rebels.

Tariff Organization Declares  
Duty on Many Things  
Are Too Low

WASHINGTON, Nov. 29.—The American Protective Tariff League today began the formation of plans for an extensive campaign to combat proposed tariff revision at the coming Congressional session.

According to Secretary Wakeman, the league will oppose any attempt at alteration in the existing schedule unless a revision upward is intended.

"The duty on many things is too low. If the President wants to abolish tariff concessions to the Philippines and Cuba, we are willing I don't believe he will make any radical recommendations for the coming session. Possibly he will send a special tariff message later."

TRIO OF BOOMLETS  
FOR PRESIDENCY

Twenty-five Governors Discuss  
1912 Chances for the  
White House

FRANKFORT, Ky., Nov. 29.—The governors of twenty-five states met here today ostensibly to discuss uniform divorce laws, conservation and the short ballot. It soon became apparent, however, that the weightiest question of conference was the Democratic chances for the presidency in 1912.

Governors Judson Harmon of Ohio, Thomas Marshall of Indiana, Governor-elect Woodrow Wilson of New Jersey attracted unusual attention, as each had an unofficial boomlet launched before the conference opened.

The visiting governors spent the day in receptions and driving. Tomorrow they will junket to Louisville. All shades of political opinion are represented. The Republicans have a majority of eight in the entire assembly, but politics is not expected to cut any figure in the convention.

Woodrow Wilson took a scholarly slap at the "new nationalism" during his address.

"To put the Federal law behind the great corporations would give them the right to dominate and override," Wilson said. "I believe in the exercise of Federal powers to the utmost extent when necessary for the benefit of the people, but I do not believe the invention of new Federal powers is necessary, or desirable. Centralized business has built a colossal structure, overtopping the state. Amidst the confused statutes of different states this colossal stands, seeking profits, not service."

LOYAL COACHMAN  
DIED BY THE GRAVE  
OF FAMOUS MASTER

BERLIN, Nov. 29.—The body of the late Count Tolstol's coachman was found today at the author's grave. Inconsolable over his master's death, the man had opened the arteries in his wrist, and bled to death. He will be buried near the master whom he followed even unto death.

NEW YORK, Nov. 29.—A bomb was exploded at the doorway of the Bella Trinaeris saloon this morning, damaging adjacent floors, hurling sleepers and tenants from their beds and breaking windows for a block around. None were hurt.

Francisco Barbara, the proprietor of the saloon, told the police that his son Pietro, was kidnapped five years ago and that he had been threatened with death repeatedly if he did not yield up money for his son's return.

Lieut. Hetroisino, the Italian officer believed to have been murdered in Italy, worked on the kidnapping case for years. Barbara believes the kidnappers sought revenge because the money was not forthcoming.

RECORD BANANA TRAIN  
CROSSES THE CONTINENT

SANTA BARBARA, Nov. 29.—The longest train of bananas that ever passed through this city, and probably the record train to cross the continent, left Santa Barbara yesterday afternoon for San Francisco. It was a special train of twenty-four cars containing nothing but the tropical fruit. The conductor on the train said he believed a record had been established for time, the train having left New Orleans six days ago. It had the right of way and made the trip without accident.

NO TERMS REACHED  
HENCE THE ACTION

Complaint in the Case Was  
Filed by Attorney E. E.

Keach This Morning

The Newbert Protection District today brought a suit to condemn a right of way for a river channel through land owned by Henry Belt and Michael Atgen. These men and the district have failed to agree on terms, and the suit resulted.

The Newbert district has been slowly getting deeds for the channel it expects to maintain from above the Fifth street bridge to tide-water. The court is asked to condemn and set a price upon the land needed to cross the property of the defendants.

The amount asked of Belt is 14.10 acres in the northeast quarter of the southwest quarter of section 2, township 5 south, range 10 west, and the amount asked of Atgen is 7.15 acres in the west half of the southeast quarter of the northeast quarter of section 10. E. E. Keach is attorney for the district.

PICKING FOR  
THE HOLIDAYS

Fruit Association Began Pack-  
ing Oranges for Christ-  
mas Trade

ANAHEIM, Nov. 29.—The first oranges of the season are being picked in the Anaheim groves. The fruit association began packing today. The fruit will be shipped direct to eastern markets and is in great demand for the holidays. It is in good condition for this season.

The association will send out 175 cars, independent growers about 50 cars. Last season the shipments amounted to 150 cars, but the prices were higher than are expected this year.

CORRECTED CENSUS OF  
PACIFIC CITIES GIVEN

WASHINGTON, Nov. 29.—In announcing Saturday night the correct population of Seattle, Wash., and Portland, Ore., as 237,194 and 207,214 respectively, Census Director Durand issued statements giving the results of the re-enumeration made necessary in certain districts of the two cities by evidences of the padding of the original figures.

The increase of Portland is 116,788, or 129.2 per cent over 90,426 in 1900. The increase of Seattle is 136,523, or 194 per cent over 80,671 in 1900.

The original returns for Seattle contained 248,382 names, or 11,188 more than the final figures. The original returns for Portland contained 222,959 names, or 15,745 more than the final count.

Mr. Durand says the evidence indicates that in most cases the enumerators were not consciously guilty of frauds.

SWUNG INTO ETERNITY  
FROM ELECTRIC CORD

LOS ANGELES, Nov. 29.—Unusual resourcefulness was displayed by James P. Harrington in solving a method of self-destruction.

His body was found this morning swinging from an electric light cord, in a rooming house on San Pedro street. He apparently had made a noose in the wire, stood on the bed, and stepped off into space. He was apparently a sailor, aged about thirty-five years.

## NEW BOARD OF SUPERVISORS WILL HAVE SEVERAL OFFICES TO FILL BY APPOINTMENTS

Assessor, Physician, Live Stock and Bee  
Inspectors to be Chosen---Talbert  
Likely to be Chairman

With the taking of office by the new Board of Supervisors in January, four of the members of which are members of the present board, appointments are to be made for a number of offices controlled by the supervisors.

These offices are: County physician, county live stock inspector, county bee inspector, keeper of the county park, courthouse janitor, courthouse gardener and superintendent of the county hospital.

The board will also name the man to be county assessor. This appointment is the most important that will come up before the board for action.

That Chief Deputy Assessor D. N. Kelly will be a candidate, his friends do not deny, though Kelly himself as yet has not made a move looking to the appointment. G. W. Angle and A. I. Stewart will be candidates. Frank Vegeley, who was in the three-cornered fight with Stewart and Scott for the Republican nomination, is not out for the appointment. There is some talk of a "dark horse," and it is generally conceded that there need be

no surprise if one, two or three more candidates pop up seeking the office.

For some time there has been more or less talk as to who will be the next county physician. That office is now held by Dr. C. D. Ball, who has undoubtedly filled the office as well as it could be filled. Whether or not he can again be appointed or whether or not he will even seek the appointment remains to be seen. It is an office that takes a good deal of time and the compensation, \$1350 a year, has been divided with a deputy, Dr. J. M. Burlew, and has been made to meet the wear and tear and the "gas" of an automobile, without which a county physician could never cover the county, over all of which the indigent patients are scattered.

"The pulling and hauling has commenced," said a supervisor a day or two ago.

But most of the pulling and hauling has been done so quietly that it is not evident on the surface.

Without much doubt all of those who now fill the other appointive positions will be candidates for re-appointment. Those holding the positions are: Live stock inspector, Dr. W. S. McFarlane of Anaheim, salary \$1500; bee inspector, J. E. Pleasants, Silverado canyon; park keeper, A. B. Tiffany; courthouse janitor, George Benedict, Santa Ana; courthouse gardener, E. R. Halesworth, Santa Ana; superintendent of county hospital, E. H. Turner, Santa Ana. That there will be candidates for several of these offices is unquestioned. For instance, in the past whenever there was an appointment for live stock inspector coming up, every veterinarian in the county got busy. The one man who may have no opposition is J. E. Pleasants, bee inspector. The Bee Keepers Club is behind him, and so far as known none of the apirists are seeking to take the position from him.

The first vote that will be taken by the Board of Supervisors will be upon its chairman. With G. W. Angle, the present chairman, off the board, a new man will take the place. The wise ones seem to take it for granted that T. E. Talbert, supervisor from the second district, will land the position. He has made a good supervisor and is well fitted to be the board's chairman.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe obstinate, hacking chronic coughs, bronchitis and many other troubles and chronic sore throat with hypersensitiveness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"Indigestion serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time. Its action upon feeble, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of the stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood, curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the nature and medicinal roots composing this wonderful medicine. There is no alcohol in it.

## GAS WAS OFF UNTIL 7:30

Mains Inadvertently Emptied and Risk of Starting Service Wisely Delayed

R. H. Brown, foreman of the gas department of the Southern California Edison Co., wisely took no chances on causing the asphyxiation of any of the gas patrons last night.

The precaution resulted from a slight accident at the gas works last night about 10:20 o'clock. The company was installing a piece of new machinery for the betterment of the service. While the men were at work the gas was inadvertently cut out of the mains for a few minutes. That meant that every gas jet and heater in the city was extinguished. There was plenty of gas in the tanks, but had the gas been turned back in the mains it would have streamed out of every jet and stove whose owners had failed to notice the gas was off. There would have been a danger of suffocating someone. The foreman therefore ordered that the gas be kept out of the mains until morning, which was done. At 7:30 o'clock the mains were filled and all was well.

## ALL STOMACH MISERY ENDED

No Indigestion, Gas, Heartburn or Dyspepsia Five Minutes After

—The question as to how long you are going to continue a sufferer from Indigestion, Dyspepsia or out-of-order Stomach is merely a matter of how soon you begin taking some Diapepsin.

If your stomach is lacking in digestive power, why not help the stomach do its work, not with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak Stomachs should take a little Diapepsin occasionally, and there will be no more Indigestion, no feeling like a lump of lead in the Stomach, no heartburn, sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomach, and, besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved in five minutes after taking a little Diapepsin.

Go to your druggist and get a 50-cent case of Pape's Diapepsin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

## Japanese Method of Cold Storage

On a recent visit to the city of Takata, on the northwest coast of Japan, I had occasion to observe, what at first thought I imagined was a haystack, but on investigation found to be an immense mound of snow covered with straw matting. The purpose of this mound was to keep in cold storage, for consumption in summer, fish caught in the winter time. This is the only method of cold storage employed in the rural districts in the northwest of Japan, where the snowfall is very deep in winter, and these stacks are to be seen in considerable numbers distributed in different parts of the country.—Strand Magazine.

Reo Breaks Mount Hamilton Record  
San Jose, Cal., Sept. 15, 1910.

REO breaks another world's record by climbing Mount Hamilton, a distance of twenty-four and five-tenths miles to altitude of four thousand two hundred feet in one hour five minutes, beating the old record ten minutes. Could have made better time by twenty minutes but for the dense fog and rain encountered the last seven miles of ascent. Climbed made without using tire chains.

There are few things in women's wearing apparel that give more satisfaction than warm, cosy, handsome furs. They make one of the most acceptable gifts that you can find. Of course they cost more than trinkets, but look at the immense amount of comfort, service and beauty wrapped up in them.

We have put in a larger, handsomer, and more complete line than we have ever carried. Why not look our line over and then follow this suggestion:

## GIVE "SANTY" A TIP TO SAVE YOU A FUR

## MUFF SETS

We are showing a beautiful muff set in Isabella fox, a soft brown fur. The muff is flat, made of whole skins with heads and legs, and lined in brown satin. The scarf comes in the flat fur, in the new style of broad shoulder and stole in front. PRICE \$30.00.

We have other muff sets in brown marmot at \$20.00 and in black sable at \$16.00 and \$22.50.

## CAPE EFFECTS

Some of the handsomest furs we carry are in the new cape effects, not full cape, but a flat, satin lined fur extending out over the shoulders and finished with stole in front. This kind of a fur comes in almost any grade you wish, from a pretty little marmot at \$6.00 to a real American mink at \$50.00. They come either plain, or handsomely trimmed in heads and tails.

## HANDSOME FLAT FURS

The stole effects in furs are always popular and are always good. Like shirt waists, they are always worn. This year we are showing stoles in flat furs, lined in satin to match. They come in all grades of sable, mink and fox. The minks are priced at \$2.00 for a little collar up to \$18.00 for a handsome stole. We also are showing some fur lined stoles, and still have a few round boas in stock, for those who wish this style for its warmth and service.

## HALF PRICE

Odds and ends in children's fine wool underwear, including misses and boys sizes, at exactly HALF PRICE. Here is your chance in winter underwear.

## CHILDREN'S FURS

We have some pretty little sets in white fur for children. The sets are composed of a small stole and muff, or a small stole and fur covered hand bag. They are reasonably priced at \$3.00 to \$6.00 per set and come in white and white and black, and gray angora. If you want a separate fur, we have some in flat, satin lined stoles at \$1.50 up, in white and white and black imitation ermine. These make very pleasing and useful gifts for the little ones.

## NEW WAISTINGS

Just received a big line of new madras waistings, in white and white and colored figures. Beautiful material, very fine weave, 32 inches wide, priced at 35c. Also a handsome line at 25c.

## THE RIGHT MAN IN THE RIGHT PLACE

D. W. McDannald is going to Los Angeles to use his persuasive powers upon tourists who have arrived in the City of the Angels and who are not certain as to what portion of Southern California they shall go to see. It is with considerable satisfaction that we see the Board of Supervisors making an appropriation to send Mr. McDannald upon this mission. It gives satisfaction for two reasons; first, the work is of the kind of promotion work that should be done; second, the man who is commissioned to go forth and present Orange county's claims to the would-be settler is the kind of a man who should be selected to undertake the work.

Mr. McDannald knows Orange county. He knows her soils and the wonderful productiveness of those soils. He knows what sections grow the sugar beets that have come to be a crop worth \$1,225,000 annually. He knows where to direct the inquirer to orchards of oranges, lemons and walnuts, crops representing in this county an income of \$2,000,000. To the man seeking farm life, the Orange county man will be a mine of information. These points but give an idea of the reason why the Register believes the supervisors made no mistake in sending the Bard of Berrydale on this important mission. The most important reason of all is that Mr. McDannald will be square. He will play into the hands of no real estate agent. He will favor no section of the county as against another. He is going to tell the people about Orange county, the most productive county in California, and his work—performed faithfully as it will be—will result in great good.

## APPOINT THE BEST MAN

Within a few days the Board of Supervisors will be called upon to make an appointment to the office of county assessor, made vacant by the death of W. M. Scott.

This will be an important duty and it will present a trying political situation.

The importance of the duty is inevitable, but there ought to be nothing politically trying about it. Indeed, the duty cannot be faithfully discharged without robbing the situation of its political terrors. ALL THE BOARD HAS TO DO IS TO APPOINT THE BEST AVAILABLE MAN IN THE COUNTY, REGARDLESS OF POLITICS.

Such a course cannot be effectively criticised by factional partisans, and would certainly be approved by a vast majority of the tax payers of the county. Another course would brand the men who pursued it as unfit for public office and unworthy of public trust.

## RECKLESS SHOOTERS

There is some encouragement for the general public in the report from North Dakota of a hunter who received prompt punishment for his reckless shooting. The hunter in question took sixteen shots at a farmer, whom he mistook for a deer, and as soon as the gun was empty the farmer pounded him up in a highly scientific manner. Scarcely a day passes in which the papers do not report the killing of some unfortunate man or boy who is mistaken for a deer by a man who should never be allowed to take a gun in his hands. The punishment administered in this instance will probably have the effect of making that particular hunter much more careful in the future, but too many of those who are taken for game are given no opportunity to retaliate.

The attention of those critics who are wont to sneer at Southern California as a one-crop country, and that one suckers, is respectfully called to the fact that four tons of Thanksgiving turkeys were shipped from the little town of Escondido the other day. This was only an incident in the constant output of this productive valley and it is only one of many similarly rich sections of the Southland where the tourist is practically unknown.

Great alarm is expressed by the Chicago Tribune because of a shortage in the local supply of girls, and the seriousness of the situation may be gath-

## Ruby Loses Castle

There was a time when the ruby was next to the diamond in the estimation of lovers of precious stones. Now it has fallen from its high estate. The reason is that the ruby, like the sapphire, can be imitated so closely that even experts cannot discriminate between the real gem and the imitation. The greatest sufferer by this is said to be the Czar of Russia, who owns the finest collection of rubies in the world. The St. Petersburg court jewelers estimate the loss in value of the Czar's rubies at \$4,000,000. Some time ago he tried to take out a policy of insurance on them, but no company would accept the risk.

## Darkening the Eyebrows

The hair of the eyebrows retains the color long after the hair of the head has turned gray. Light and gray eyebrows detract from the appearance and not only is it justifiable to darken them, but it is an easy process, as it can be done with pomade pencils, which come for the purpose. It is the only application of color that is in any way an improvement to the face. Some pencil under the lower lid, thinking that it improves the looks. They are much deceived, for it gives a very artificial appearance to the face, the same as painting the cheeks or changing the color of the hair.

**Wedding Anniversary**  
The beautiful home of Mr. and Mrs. R. H. Brown was the scene of a festive gathering last evening, the event being the celebration of the ninth wedding anniversary of Mr. and Mrs. Brown.  
Baskets of holly, smilax and carnations were united in an attractive decorative scheme, and made the rooms and the daintily appointed tables doubly attractive. A progressive dinner of five courses was served, the guests progressing with each course but the host and hostess remaining at the head table. The novel idea created amusement, and topics for conversation varied with the different tables.  
Following the dinner, which was played, with Mrs. Will Merigold and George R. Wells making high score, the consolation score being achieved by Mrs. Geo. L. Wilbur and H. T. Duckett. During the evening a group of the guests presented the host and hostess with some beautiful linen, others making individual gifts.  
Those present were Messrs. and Mesdames W. T. Merigold, H. T. Duckett, Geo. S. Wilbur, Paul Trickey, Wm. L. Deimling, A. D. Bishop, H. H.

Gardner; Misses Helen Eubank and Phillips; Messrs. Geo. R. Wells and O. G. James.

### G. A. R. Entertainment

The G. A. R. literary entertainment of Friday night last, presided over by Col. G. W. Wilcox, was successfully given to an appreciative audience at G. A. R. Hall.  
Accompanied by Miss Stella Cozad, Miss Fredda Moesser sang "California," written by Miss Burlingame of Westminster. Miss Moesser responded to an encore.  
After a recitation, "Joe," by Mrs. H. Clay Kellogg, an address on "Patriotism" was given by Chris Pann of Huntington Beach.

Preceded by an explanatory account by Col. Wilcox, of the events leading up to the charge, Comrade A. C. Shafer, patriotic instructor of Stanton Corps, Los Angeles, gave a dramatic rendition of a poem, "The Charge of the First Minnesota at the Battle of Gettysburg." This poem, with others, was written by Comrade H. L. Gorden of Hollywood, who has presented a copy of his poems to the Santa Ana public library.

Mrs. Nellie McTaggart gave an original poem, "Mrs. Murphy's Busy Day," and "My Fiancee" as an encore. The program was closed by Comrade Shafer, who paid a glowing tribute to the flag in an impromptu address.

### Celebrated Banner Winning

Mrs. H. G. Dean and her daughter, Dorothy, were hostesses at a noon luncheon last Friday to the banner-winning Althea Class of the United Presbyterian church, of which Mrs. Dean is teacher. The silk banner given for one hundred per cent attendance in the recent Sunday school parade, was draped over the piano and was enjoyed by the young ladies as they sat at luncheon.

Maman Cochet roses on a mirror

base was the center piece of the luncheon table, over which was a canopy of smilax. Place cards bore a rose design. Covers were laid for Miss Grace Patterson, later elected class president; Miss Anna McFadden, vice president; Miss Wilma Andrews, secretary; Miss Elsie Clark, treasurer; Misses Marjorie Magee, Ruth Collins, Lillian Pirie, Daisy Lewis, Mary Henderson, Eva Tidball and Catherine Smiley.

Following the luncheon, election of class officers took place, with those named above as successful nominees. Jolly games were also a feature of the afternoon.

### Clever Design

The Horton-Spurgeon Furniture Company has carried out a most clever bungalow furnishing scheme in the east show window of their store, where they have constructed a 12x16 room simulating a library. It is paneled with burlap and bats to the plate rail, above which is a light tan cloth. Beamed ceilings, artistic windows and a glass-paneled door make a charming interior, which is furnished appropriately.

This cleverly designed room, which will attract every feminine eye, will be later used to display dining room equipment and various other furnishings. If one wishes to see up-to-date furnishing effects, watch the Horton-Spurgeon "bungalow" window.

### Attending Conference

The Woman's Home Missionary Society of Southern California M. E. churches is holding its annual conference in the First Methodist church, Los Angeles. Those attending from the local church are Mrs. Frank Rogers, president of the local Home Missionary Society, Mrs. C. W. Burns, and Mesdames H. E. Murkett and J. L. Moore as delegates. Rev. Murkett accompanied the party this morning.

The conference will last two days and began at 9:30 this morning. Mrs. J. B. Green, who formerly resided here when her husband was pastor of the First Methodist church, will address to conference. Another speaker will be Mrs. A. J. Wallace, wife of the lieutenant governor-elect.

### Birthday Party

Little Miss Emma Titus celebrated her fifth birthday last Saturday afternoon, a number of her schoolmates joining her in the merry games of the afternoon, which were played on the lawn from 2 to 5 o'clock. The little maid, who is the daughter of Mr. and Mrs. C. L. Titus, later had her guests at a birthday feast of ice cream and cake. In her own dish of ice cream, Miss Emma found a pretty gold ring, the gift of her sister, Ruby. Many nice gifts were presented her by her little friends, who were so happily entertained. A birthday cake with candies to be blown out was one of the most enjoyed features of the event.

The guests at this pretty birthday party were Muriel McPhee, Otha May Shields, Thelma Bates, Marie McNaught, Katherine and Dicky Montgomery, Janice Prince, Masters Harold Wright and Leslie Carmack.

### Entertained Club

The Monday Afternoon Club, the members of which enjoy gathering each week to chat over their dainty needlework, was entertained yesterday afternoon by Mrs. F. C. Rowland at her home on Orange avenue. Mrs. Rowland soon leaves for the ranch home near Tustin where she and her husband will live in the future.

### Duplicate Whist Club

The Duplicate Whist Club, to which Mr. and Mrs. Walter Prince belong, was entertained by them last night at their pleasant home on West First street. The other members of the club are Mr. and Mrs. Robert Williams, Dr. and Mrs. Mantor and Mr. and Mrs. Russell Scott.

There has been a little change in the Conservatory faculty, of which we shall tell you this evening, Mr. Dietz, who had charge of the violin department, was offered a position with the Bevan Opera Co., which he accepted. We were very sorry indeed to lose Mr. Dietz.

Mr. Pyke, our cornet instructor, found at rather irksome to come so far from his home in Westminster for the few pupils in his department, so has discontinued.

We have succeeded, however, in engaging Mr. C. S. Krieger to take charge of both the violin and cornet departments. Mr. Krieger needs no introduction to Santa Ana citizens. He lived here several years ago and, like the proverbial cat as well as all former Santa Ana residents, came back.

Mr. Krieger received all of his musical education in Germany, studying the best methods under fine teachers. He has classes in Fullerton, Anaheim and Orange, and conducts orchestra work both in Santa Ana and Orange.

All interested in the violin or cornet will please call to see us, Conservatory office 204½ E. Fourth St. Phone Main 214.

### PERSONALS

Mr. and Mrs. C. M. Jordan with friends motored from here to Riverside and return yesterday, only a slight accident that stalled them on their return between Orange and Olive, putting the machine out of commission and necessitating sending for another machine to bring the party home, marring the trip. And even that experience was not bad.

United States Senator William Alden Smith, who has been visiting his parents, Mr. and Mrs. G. R. Smith, and his sister, Mrs. Ella I. Fyfe, started for his home in the East yesterday, preparatory to leaving for Washington with his wife, for the coming session of Congress.

Miss Virginia Burns is at home from a two months' stay at Loma Linda.

Misses Minnie and Ada Cowen and Miss Torrens returned yesterday from Newport Beach, where they spent several days at the J. E. Bunker cottage.

Miss Mame Winans went to the city this morning.

Miss Florence Hall is now engaged with the Dragon Confection Co.

Mr. and Mrs. Fred Winslow spent today in Los Angeles.

Miss Katherine O'Donnell made a flying trip to the city this morning.

Miss Margaret Gallup returned last Sunday to her school at Fillmore, near Ventura, after spending the Thanksgiving holidays with her people here. Miss Gallup is delighted with her school and her profession of teaching, this being her first year in educational work.

L. F. J. Hall is spending the week at Balboa with a friend and is having sport in hunting the festive duck.

Mrs. Percy Rice of Cleveland, Ohio, will spend the winter here, the guest of the Jas. S. Rice of Tustin, and Dr. and Miss Boyd.

Jesse H. Meacham was operated on for appendicitis last Thursday at the Riverside Hospital.

Mr. and Mrs. Dunn Van Giesen are visiting at the home of Mr. and Mrs. John Mitchell, after a visit of nine months in the East.

H. S. Hadsall and his wife will move to Anaheim on Wednesday of this week. Mr. Hadsall has just been elected manager of the Anaheim Sugar Co., which company he organized and located at Anaheim. The house at 217 Orange avenue that Mr. and Mrs. Hadsall have been occupying will be occupied by Mr. and Mrs. Carl Strock.

Mrs. R. M. Loud of Ames, Iowa, who has been visiting Mrs. Asa Vandermast and Mrs. Russell Scott during the past week, being the guest of the latter since last Friday, left for Los Angeles yesterday. She will winter in the Angel City.

Ed. Rector, a cattleman of Ft. Worth, Tex., is here to spend the winter with his sister, Mrs. L. H. Field. Mrs. Chas. F. Rose and Mrs. F. C. Rowland spent today in the City of the Angels. Tomorrow the Rowlands will remove to the Crose-Rowland ranch near Tustin.

Mr. and Mrs. Geo. W. Young made a business visit to Long Beach today.

Mrs. Lawrence Bristol has joined her husband in Los Angeles. The Bristols have bought a home in the city.

Miss Lida Crookshank was a Los Angeles visitor today.

Fred M. Robinson was a passenger this morning on a Los Angeles bound car.

Mrs. H. Larter of Wintersburg, who was successfully operated on recently at the Santa Ana Hospital, is at home again and is improving rapidly.

Robert Gill, employed with the Southern Pacific at Empalme, Sonora, Mexico, will arrive in Santa Ana the last of the week on a lay-off. Mr. Gill has been operated upon in the company's hospital and will recuperate in Santa Ana.

H. D. Connell went to the City of the Angels on an early morning car.

## CHURCH HELD A CONFERENCE

El Modena People Heard Many  
Leaders of Friends at Meet-  
ings Last Week

EL MODENA, Nov. 28.—The quarterly conference of the Friends church was held here Friday, Saturday and Sunday last. There were addresses by Dr. Dixon, who has spent many years in work in Indian schools in both the East and West, Prof. Newlin of Whittier College; Prof. J. J. Mills, former head of Earham College, Indiana; Rev. Andrew Mitchell, who for several years has been pastor of the Friends church of Long Beach; Rev. J. L. Halley of Plainfield, Ind., and others. The lunch served at noon was ample and deliciously served, as only the ladies of El Modena know how. Many were in attendance from abroad. It was a feast of reason and surely profitable to all who were there.

Rev. Moor and family spent Thanksgiving at Whittier with Rev. Moor's sister, Mrs. Perry, and Mrs. Moor's mother, who returned with them for an indefinite stay here.

Clate Stanfield and family spent Thanksgiving at Whittier, with Mr. Stanfield's brother.

The Berean Class met for Bible study at the home of Mrs. Husher, Thursday evening.

The Philathas held a social at the home of G. Lentz on Pearl street. Games and refreshments kept the young people until a late hour.

A farewell social was given by the younger set to their departing friend, Miss Tena Yteli. A splendid evening was reported by all. Delicious refreshments of pie, cake, bananas, fruitade and sandwiches were served and all departed for home at a late hour. Miss Yteli and her mother, sister and two younger brothers leave for the old home in the East the last of this week, or some time next week.

The business meeting of the Y.P. S.C.E. was small on account of the rain Friday night.

Lester Beymer attended a Y.P.S.C.E. conference of the church at Long Beach Friday and Saturday of last week.

Lon Winslow, now of Huntington Park, spent Saturday evening and Sunday with his parents here.

The McCollum and Thibbitt families spent the last of the week at Laguna, returning Sunday evening.

Mr. Barger has moved to Orange, and with Mr. Micke has entered the real estate business.

There were several sumptuous dinners served in El Modena Thanksgiving day. The Spotts family took the occasion to hold a family reunion, with nearly forty present. The Johnstone family, the Joneses and others had company to dinner that day. Mr. Short and family picnicked up the canyon, going to the coal mine with the weekly load of groceries. The day was ideal and a very pleasant outing and business combination was enjoyed by all. Coming home a large wild cat ran across the road in front of the team. The little girls

### THE DAIRY COW AND INFLUENCE TODAY

The dairy cow does more than bring financial success to the dairy farmer. She makes him a better citizen than he would otherwise be. Her influence upon home conditions is a most pleasing contribution to those factors which are responsible for the changed conditions which prevail in the farm homes of today. Thousands of these homes are now characterized by comfort and happiness where formerly

A PRODUCT OF THE SOUTH.

Cotton has always been one of the main resources of the South. In former days, only the cotton lint was preserved; the seed was thrown away as worthless. In recent years, however, this once waste product has been developed until now cotton oil adds millions yearly to the wealth of the South. Foremost in perfecting methods of refining the oil have been The N. K. Fairbank Company. In the manufacture of Cottolene they have changed cotton oil into a cooking fat as wholesome as olive oil, yet so pure and neutral that it is preferable to butter in making fine cake and pastry.

The Place Where Good Glasses Are Made

they were blighted by drudgery and unhappiness.

Better financial conditions have contributed to this change, and the dairy cow has been in no small measure responsible. She has contributed in still another way. The dairy cow teaches kindness. Her owner soon learns that only by treating her kindly can he secure the highest possible returns from her, and she responds quickly to kind words and proper care. Her disposition is one that the human family might well emulate. She is patient and long suffering, acquiescing mutely in the arrangements made by her owner for carrying on the dairy business, striving at all times to repay him for every effort made for her care and comfort.

The members of the family, as they come in contact with her and her kindly disposition, are influenced for good. As they appreciate the financial benefit to come from caring for her well they take a deeper interest in her. In doing so they unconsciously cultivate those qualities which make them better citizens.

The dairy cow—the prototype of man's best friend—is wielding a greater influence than she is generally credited with. She has always been found in the front ranks in the march of civilization, and no agricultural country can long prosper without her. She is a potent factor in the upbuilding of such a country, financially and socially, and a wise people will appreciate her and encourage the industry of which she is the foundation.—The National Dairy Union.

#### LOS ANGELES PRODUCE MARKET

Beans are not falling fast in the selling price as was expected two months ago when the harvests began to fill the bean warehouses. Beans have been moving fast to the east and prices and prices there have been kept up by very judicious shipments. There has been no crowding of the market and the resultant declines. Even in Southern California the market has been going down very slowly and in one or two instances, the last three or four days has seen advances in the market. Black eyes are of this latter class. The range has jumped from \$5.50 to \$6.00 per hundred. Limas, which were one of the varieties expected to go lower are selling at present as high as \$5.50 against \$5 of a week ago. Pinks have also gone up instead of down. Their top quotation is back to \$6 with a downward trend of the market in other parts of the country. The cause primarily lies in the excellent manner in which the associations of growers are holding the crop, leaving just sufficient to go out to keep the market well supplied and prices firm. Receipts here have been light.

Egg receipts were 102 cases. The market on this commodity declined 4 cents yesterday morning. There has been an undercurrent of weakness apparent for several days and this weakness came to the breaking point with the report of declines all through the east. In San Francisco the market has dropped from 55 to 50 cents a

dozen. Here the price is down from 52 to 48 cents on candled stock. Butter arrivals were 17,139 pounds. The local market continued at 36½ cents on creamery extra. The Chicago quotation was down to 30 cents and New York to 31½ cents. In San Francisco the market is holding at 38 cents and the higher prices are prevalent along the coast.

The potato market was very firm on reports of higher quotations through Oregon. There was also a firm feeling evidenced in River spuds. Receipts of the potato market were 6210 sacks. Onion arrivals were 960 sacks or a few more than sufficient to fill three cars. There were no changes in sweet potatoes. Receipts were only 65 sacks and the demand good.

Strawberries were down to a selling basis of from 10 to 12 cents a basket and the market was very well supplied. Blackberries were also more plentiful and sold at 10 cents. The few raspberries in brought 12 cents.

Citrus fruits were all in continued call and the market was down a little on navel oranges and on lemons. The latter was selling from \$3.50 to \$4.50 on the best stock.

HERE IS A REMEDY THAT  
WILL CURE ECZEMA

"We PROVE IT"  
—Why waste time and money experimenting with greasy salves and lotions, trying to drive the eczema germ from underneath the skin when the Dean Drug Store guarantees ZEMO, a clean liquid preparation for external use to rid the skin of the germ life that causes the trouble? One application will relieve the itching and often times one bottle is sufficient to cure a minor case of eczema.

In over 2000 towns and cities in America, the leading druggist has the agency for ZEMO and he will tell you of the marvelous cures made by this clean, simple treatment. ZEMO is recognized as the cleanest and most popular treatment for eczema, pimples, dandruff and all other forms of skin or scalp affections whether on infant or grown person. Will you try a bottle on our recommendation? Dean's Drug Store.

## AMUSEMENTS

The Metropolitans Return to the Bell Theater Wednesday Night  
Tomorrow night clever little Adeline Fildes returns to the Bell Theater with the Metropolitans. Miss Fildes is certainly a delightful little actress. Her every movement is suggestive only of daintiness and refinement and her voice is sweet and clear. She is supported by the Ladies Philharmonic Orchestra of thirty musicians, who will render another delightful program under the direction of Douglas Allen.

Miss Estelle Bird will also return with this magnificent organization, and among her other numbers, will sing the Bacarolle from "Tales of Hoffman." A large advance sale is in progress and indicates a packed house.

## MEN WANTED

We want industrious young men who are capable of saving from \$1.00 to \$5.00 a month. To any bright and intelligent young man of this character, we can offer an exceptional savings opportunity. From years of experience we know that our plan will interest you, as it is reliable and safe. On all cash deposits of \$100.00 we pay 6 per cent interest per annum, payable 3 per cent semi-annually. On all time deposits, where banks only pay from 2 to 4 per cent, our plan more than doubles that amount. There are no fines, dues, assessments or forfeitures, and you can withdraw any time. Just drop me a card and I will call and explain our plan more fully to you.
